Privacy statement/Data Protection: By completing this feedback questionnaire, you are agreeing that we can hold and process data in relation to the current public consultation exercise for the purposes of Airdrie BESS. We hold all personal data in accordance with the General Data Protection regulation (GDPR) (EU) 2016/679 and your personal data will not be transferred outside of the European Economic Area. We will only share your personal data with members of the Airdrie BESS project team for planning evaluation purposes only. Your identifiable personal data will not be used for any other purposes without your consent. **We will use your data to:** Send you updates about the project (where you provide us with contact details and indicate that you would like to receive such updates). In the event a Pre-Application Consultation report is submitted with the planning application, your comments will be anonymised and we will only identify you in the report or any related documentation with your permission.
